George C. Wallace

Suite 711 Executive Building
P.O. Box 1972 A
Montgomery, Alabama 36103

Dear Fellow American:

I suppose you are wondering why Governor Wallace is writing to you.

There are two things I want to discuss with you today.

I realize the first subject is a very personal matter, but I've had so many people bring it up that I thought I would like to conduct a national sample of opinion.

Many people have written to tell me that they wish they could have the opportunity to cast their Presidential ballot again.

So, what I would like to know from you; is, if the 1972 Presidential election were being held today and I was on the ballot...

Would you vote for:

George McGovern
Richard Nixon
George Wallace

Knowing how you and some others that I plan to ask in your area feel about this matter will be very helpful to me.

Almost every day a newsman or distinguished visitor asks me if I am going to run for President in 1976. And, quite frankly, I don't know.

But in the meantime, I plan to speak out on some issues that are quite disturbing to me. I'd like to list a few of these for you.

1) I am concerned that in less than 10 years America went from clear military superiority over the Communists to now being militarily weaker than the Communists.

2) I am concerned that most politicians in Washington want to take a lot of your money and give a guaranteed income to people even if they are healthy and refuse to work.

3) I don't want the Democratic Party to repeat what it did in the 1972 Presidential campaign.

4) Inflation has been eating up your paycheck because the

(over, please)

Federal spending has doubled in the last five years.

5) The politicians and political leaders have done nothing to stop bussing even though the people's message is clearly against bussing.

I don't want to make this a long letter, so that's all the issues I'll mention today. But unfortunately there are many, many other serious problems that are coming out of Washington these days.

And now I'm getting to the second reason I'm writing to you today.

Just as I am writing to you today, I hope to be able to write to others in your area and let them know of some of the extremely serious problems facing America.

But I won't be able to do any of this unless my friends such as you feel they can afford to make a contribution toward this effort.

I'm not asking for a large amount of money. Although I realize whatever you send me is money that you could have spent on something for yourself or your family.

I would like to suggest that you consider a contribution in the $5 to $10 to $25 range, or more if you can.

The reason I'm suggesting this amount is that I don't want a few people to have to bear the entire burden. I would like for a lot of my friends to each contribute something rather than a few to give a lot.

However, this will work only if all my friends can send something. If you are not able to send a contribution I will have to ask someone else if they can increase their contribution. But I hope that won't be necessary.

I will do all that I humanly can. And quite frankly, it's not easy for me these days. So, I need all the help I can get from my friends. You know you can count on me. Now I'm asking you straight out, can I count on you to help me try and save our beloved America?

By the way, many of my closest friends who have contributed to my national campaigns are Republicans. So, even if you would still vote for President Nixon again you could send me a contribution in

good conscience.

When you send me a contribution, that is your way of saying that you are tired of the mess in Washington and want to send the liberal and socialist politicians a message.

Kindest personal regards,

George C Wallace

P.S. Many of my friends have called me recently or written asking me about my health. They have seen on T.V. or read in the news paper, stories about how my health has greatly improved. Well, I want to tell you personally that these stories are true. I still have a little pain at various times during the day. But the doctors say that the pain will get less and less as time goes on.

I am sure much of my improved condition is due to the prayers of wonderful friends such as you. Thanks again and God be with you.

Because your support means so much to me, I thought about what I could do to show my appreciation. I hope you will accept the enclosed photo in the spirit in which it is offered, as a Token of my very deep personal gratitude to you.
